ITALY ISSUES APPEAL TO INSURGENTS

VICTIMS OF INSANITY IS BELIEF

**Killing of Rev. Christler By
Mrs. Carleton Fails to
Disclose a Motive**

NO INQUEST HELD

**Letters of Woman Fail to
Show Any Relations
With Rector**

Haute, Mont., Oct. 28.—The Rev. Leonard Jacob Christler, rector of St. Marks church of the Incarnation here and widely known as the "bishop of all outdoors" and Mrs. Margaret Carleton, wife of a former Montana district judge, who were killed yesterday in the clergyman's home within a few feet of the room where Mrs. Christler was, were the victims of temporary insanity on the part of Mrs. Carleton, in the opinion of local officials.

So sure are the officials that the deaths represent a murder and suicide that Coroner John Holland and the sheriff's office last night announced no inquest would be held unless relatives of the dead man or woman insist on one.

The theory of the officers received confirmation from Dr. D. S. Mackenzie was called by Mrs. Christler immediately after the shooting. Dr. Mackenzie said that when he arrived at the Christler home, the pistol with which the two had been shot was still grasped in Mrs. Carleton's hand and her finger still was on the trigger.

No Motive Established.
In an unsuccessful effort to establish a motive for the shooting officers yesterday partially reconstructed a number of letters found in a partially destroyed condition in the room Mrs. Carleton had occupied in a local hotel. They declared they could find no mention of the dead clergyman in these letters, which came from Mrs. Carleton's mother, daughter and husband, former Judge Frank Carleton, from whom she was separated. One letter from the husband, officers said, mentioned he was sending her a sum of money.

Came to Home.
Mrs. Christler describing the shooting said that Mrs. Carleton came to the Christler home late Thursday night and remained until early Friday morning talking to the Rev. and Mrs. Christler. When she started to leave the clergyman accompanied her toward the entrance, the widow said, and had just shut a door between a small hall and the room where Mrs. Christler was left, when two shots rang out. Mrs. Christler opened the door and found the bodies, that of Mrs. Carleton being on top of the minister's body.

All of the principle in the tragedy were prominent, both in Montana and elsewhere. The Rev. Christler who was 46 years old, had held charges in N. Y. and New Jersey. He came to Montana in 1910 as missionary of the Milk River Valley and had developed his field into one of the largest mission territories in the United States.

Mrs. Christler is the daughter of the late David Wadsworth, Auburn, N. Y. Manufacturer. The Rev. and Mrs. Christler were married in 1914.

The funeral of the dead minister will be held this afternoon at 5:30 o'clock with services at St. Mark's church of the Incarnation which was built by Rev. Mr. Christler. The body will be forwarded to Auburn, N. Y., for burial.

FARMER 117 YEARS OLD DIES ON FARM WAS ACTIVE TO END

Saskatoon, Sask., Oct. 28.—News reached here of the death of Henry Lorenz, a farmer in Pleasantdale, northern Saskatchewan, at the age of 117. According to family records he was born in Austria, May 9, 1805. Up to a year ago, he was a heavy smoker but the increased price of tobacco caused him to stop, he said. He did the chores on his farm until a few days before his death.

BITUMINOUS COAL PRICES AGREED UPON

**Effective Maximums for Sev-
eral Areas Announced by
Distributor Spens**

(By the Associated Press)
Washington, Oct. 28.—Maximum prices have been agreed upon and put into effect for the sale of bituminous coal produced in the Pittsburgh district of Pennsylvania, and mining districts of southern Ohio and in the Pittsburgh No. 8 Ohio district. Fuel Distributor Spens announced today which in all cases constitute reductions under figures heretofore charged by operators.

The new schedule fixes a maximum of \$4.50 per ton in the Pittsburgh district; \$4.75 per ton in the southern districts of Ohio, and \$4.25 per ton in the number eight, Ohio district. A large percentage of the operators have agreed to adhere to the new schedule which provides reductions ranging from \$1.50 to \$2.50 per ton.

Similar agreements resulting in the reduction of coal prices have been made in other eastern producing districts and Mr. Spens will fly to Chicago to confer with Illinois and Indiana coal operators on Oct. 30, and 31, with a view to reaching a price agreement in that territory. It was also announced today that it had been found necessary to arrange for all rail shipments of considerable amounts of anthracite coal to the northwest to supplement the supply ordinarily sent via the Great Lakes navigation route.

The latest of the start this year in the industry of commerce to the water transportation lines, Mr. Spens has determined, will make it impossible for that route to be relied upon alone. In consequence a conference of anthracite operators is being called in New York at which arrangements will be made to send the anthracite supply immediately necessary in box cars.

Heavy shipments of bituminous coal have been made recently to the Northwest, this statement said, and the soft coal situation consequently satisfactory necessitating rail movement for anthracite only.

INVESTIGATE SITUATION

Duluth, Minn., Oct. 28.—Charles P. White, northwest federal fuel administrator, arrived in Duluth today to make a "thorough" investigation of the coal and car shortage situation at the head of the lakes.

Mr. White will confer with the special fuel committee of the Duluth chamber of commerce this afternoon. A copy of the recent report of the local chamber's fuel committee which was forwarded to Mr. White, charged that Duluthians are compelled to pay more for coal than are the consumers in the twin cities and that local firms are unable to contract for coal, while in Minneapolis and St. Paul this privilege is given the large consumers.

113; UNHAPPY! Oldest Man Philosophic

JACINTO FLORIO

San Mateo, Cal., Oct. 28.—America's oldest man is no more contented than most of rest of us.

He has had 113 years in which to search for contentment and he is honest enough to admit today that he hasn't found it.

One would expect a man, upon his 113th birthday, to be both happy and philosophic.

Jacinto Florio is philosophic and happy after a fashion.

But major sorrows weigh heavily against minor happiness.

"Don't let the old folks home be your wife in your declining years," is his advice. "It's never too late to wed. For 70 years I've been without a wife, and I'd be far happier if I had one now. Then, again, I've always liked to feel that I would die on my native soil, which is Mexico, but I shall not. Very likely I shall die right here among strangers."

"Don't think that contentment comes necessarily with advanced years. Of course it's something to live 113 years, and I don't regret a year of it, but I've never found contentment."

"I've had money and I've been broke. I was employed for 52 years by one man. I guess I was contented after a fashion, but now it seems like a long run."

"I don't want to be misunderstood. Life is very much worth while and being discontented does not spoil it. It helps keep you from going stale."

J. C. ANDERSON RETIRES FROM LAHR COMPANY

**Stock Purchased by W. E.
Lahr, President of Com-
pany. It Is Announced**

W. E. Lahr, president of the Lahr Motor Sales Company, has purchased the stock of J. C. Anderson, secretary of the company, in accordance with the agreement entered into when Mr. Anderson became associated in the business company on January 1.

Both Mr. Lahr and Mr. Anderson stated that the arrangement was in accordance with their previous agreement and both emphasized the statement that their relations during the past six years have been very pleasant. Mr. Anderson stated that he has under consideration business propositions but had no announcement to make concerning his future plans at this time. He expects to remain in North Dakota, however.

"The past six years have been among the most prosperous years since the company was formed 30 years ago," said Mr. Lahr.

"The past six years, since Mr. Anderson has been connected with the Lahr Motor Sales company, have been the most prosperous years since the company was organized 13 years ago," Mr. Lahr said. "There will be no change in business policy of the company in western North Dakota."

WORLD FIGHT AGAINST DRY U. S. IS PLAN

**Project Launched by Wets in
Meeting Held in Bel-
gium**

OFFER FULL SUPPORT

**Believe They Have Little to
Fear From Prohibitionists
Of Europe**

(By the Associated Press)
Brussels, Oct. 28.—A world fight against prohibition in the United States as the center of the wet campaign was planned at the closing session of the secret conference of anti-prohibitionists here.

Order Draught
The meeting ended with a banquet last night which was marked by the number and value of rare old vintages, chiefly French, served to the militant wets.

Count Demun of France, was named head of "the international committee of defense." This committee was described as a force to bring the dry people back into the wet fold.

Next year's campaign has been planned secretly, but it is known that the principal effort will be made in the United States where the prohibition situation causes the greatest damage to the wets, and where, it is thought, there is a chance for the greatest success.

The members of the committee think that recent incidents in connection with prohibition in America, including the international difficulties over ships, have created a favorable atmosphere for the great anti-prohibitionist assault.

DRAGSTIC ORDER
New York, Oct. 28.—American steamships cannot carry or sell liquor in any part of the world, Federal Judge Hand held today in a decision dismissing the suit of two American steamship companies to enjoin enforcement of the Daugherty prohibition ruling.

The American campaign will be carried on in cooperation with the liquor forces of the United States, it was learned today.

Organizers of the league believe that they have little to fear from the prohibition forces in Europe. Their chief concern is to give every possible assistance to American wets. It is explained that the European liquor forces do not want to make the same mistake that the American prohibitionists did when they came to Europe preaching prohibition. Officers in the new organization will communicate with the anti-dry leaders of America to offer the full support of their organization.

"We are not going to America to ask the United States to overthrow prohibition," said Jean Coupric, one of the French delegates to the Brussels convention, which organized the league. "We would probably be politely but firmly ejected if we did, and rightly so. However, we believe our case is just as legitimate as that of the prohibitionists. American supporters of prohibition have taken the liberty of siding with their own government. We believe we have at least the right to offer our whole hearted support to American wets, if they will accept. They will find our organization amply backed financially and with a hundred million advocates back of it."

"Further details of the American campaign naturally await the attitude of the American wets toward our offer of cooperation."

STAR WITNESS TO TAKE STAND IN BURCH CASE

Los Angeles, Cal., Oct. 28.—Mrs. Elizabeth Bessant, the state's star witness, was expected to take the stand today at the third trial of Arthur C. Burch for the murder of J. Belton Kennedy, who was shot to death on the steps of his summer cottage in Beverly Hills, a suburb, the night of August 5, 1921.

Mrs. Bessant, whose home is near the Kennedy cottage testified at Burch's previous trials concerning incidents of the night declaring she heard shots fired and a masculine voice cry "I got him."

**MEXICANS CLOSE
CONSULATE**
New York, Oct. 28.—The Mexican Consulate General here was closed today upon receipt of an order from the Mexican charge d'affaires at Washington, quoting instructions from the Mexican government to suspend business in the United States as a protest against a ruling by New York courts against Mexico in a suit brought by the Oliver American Trading company.

NO SESSIONS TODAY.
Los Angeles, Oct. 28.—No session of the trial of Arthur C. Burch for the murder of J. Belton Kennedy, broker, was held today, adjournment until Monday having been taken.

CHECKING UP WOMAN'S STORY OF HALL CASE

**Mrs. Gibson Says Mrs. Mills
Escaped But Was Recap-
tured and Then Shot**

CONFIDENT OF SOLUTION

**Prosecutor States no Arrests
Will be Made Until Grand
Jury Reports**

(By the Associated Press)
New Brunswick, N. J., Oct. 28.—Four hours after she had witnessed the shooting of the Rev. Edward Wheeler Hall and his choir leader, Mrs. Eleanor Reinhardt Mills on the night of September 14, Mrs. Jane Gibson, returned to the scene and saw the woman she says was present when the two were slain, bending low over the body of the Rector weeping bitterly. Neither the man who Mrs. Gibson has told the authorities shot Dr. Hall and Mrs. Mills nor the automobile parked nearby at the time of the murder was in sight when she made the second visit.

This and the statement that Mrs. Mills escaped from her assailants after the Rector was killed and hid behind bushes nearby, only to be recaptured and dragged back to the spot under the crabapple tree were amazing details in the eyewitness story as retold yesterday by Mrs. Gibson to Special Deputy Attorney General William A. Mott.

Confident that she has solved the murder, which he says is "complex but not a mystery," Prosecutor Mott went ahead today with the work of assembling corroborative evidence. He indicated to newspaper men that no arrests will be made until he has presented the case to the Somerset county grand jury.

WOMAN STEALS FUR COAT IN BUSY STORE

Minneapolis, Oct. 28.—The Nau mann Fur company's store was robbed of a fur coat and clothing valued at \$1,200 today by a woman who rushed into the store, tore a seal-skin coat off a dummy, snatched up other clothing and disappeared in the crowds on the street before the girl clerks in the store were able to follow her.

ARREST MADE IN MURDER OF MINOT MAN

(By the Associated Press)
Minot, N. D., Oct. 28.—Belief that the murder of William Mahstedt, farmer who resided near Mahkota, Minn., west of Duluth and whose decomposed body was found about six miles west of Bottineau Sept. 5, has been practically solved, was expressed by Sheriff Thomas Henne of Bottineau county who is in Minot today, having in his custody Leonard Miller, 24, of Harlem, Mont., who is formally charged with having committed the murder.

Leonard, whose parents formerly resided in Ramsey county of this state was taken into custody at Chinook, Mont., where it was said he was driving an automobile formerly owned by Mahstedt and which is believed to have been stolen from the owner after he was shot and killed.

"SPHINX" STILL SILENT

MRS. CHAMPION

Cleveland, O., Oct. 28.—The "sphinx woman," the woman who held her secret despite all efforts of police, jail officials and interviewers, is on trial here charged with the murder of Thomas A. Connell, Yale graduate.

Connell was killed in a downtown cafe. Three shots were fired. When the smoke cleared the "sphinx woman," Mrs. Mabel Champion, was found holding the smoking revolver. She was arrested. Every subsequent effort to make her disclose her past. She held silence. She was formally charged with the killing. Still she refused to disclose her identity, or make any statement concerning the slaying.

The day of the trial drew near. Still upsetting traditions of her sex for inability to keep a secret, no one could learn anything from the girl of her past, nor, from her, of anything which occurred the night Connell met death.

Even now, with the jury empaneled and the trial started, she keeps silence, refuses to say one word in her defense. It is believed she will say that the smoking death revolver was thrust into her hand, that she is innocent, perhaps disclose something of her past. But even this is not certain.

32,000 VIEW GAMES
Field, Chicago, Oct. 28.—Before a crowd of 32,000 persons, that jammed every inch of Stagg field, east most west today when Princeton took the field against Chicago in the biggest football spectacle the Midwest has known.

Thirty-two thousands persons in their seats when the teams trotted on the field for practice, while milled around the gates outside.

Scalpers who evaded the hundreds of police and detectives on guard, got rich as they received as they received as high as \$100 for a ticket.

Chicago, Oct. 28.—Chicago today temporarily ceased to boast it is the home of the stockyards, the world's greatest grain market, the nation's premier rail center and the home of hell and Maria Dawe.

These things assumed an importance only secondary to that of a football game—the University of Chicago defending against the assault of Princeton, the day's chief intercollegiate gridiron event, an effort of the eastern school to avenge a 9 to 0 defeat last year when the maroon invaded the Tiger's pit.

Well before noon policemen blocked off streets near Stagg field and only the 32,000 lucky ticket holders of the approximately 200,000 who applied for the magic past-tickets could get within cheering distance.

Chicago, virtually an unknown quantity, had quite a weight advantage over Princeton, both in the scrimmage line and in the backfield. The maroon's forward line averaged 190 pounds to the man against the Tiger's 142-25, the Chicago backfield 174-94 and the visitor 172-34.

FASCISTI IN CONTROL OF CITIES

MOVE AGAINST TOWNS

**King Emanuel Seeks to Form
New Cabinet to Advert
Disaster**

(By the Associated Press)
London, Oct. 28.—Martial law was proclaimed in Italy to take effect at noon today but the proclamation was rescinded, it is stated in dispatches from the Stefani Agency in Rome, the semi-official Italian news organization.

It is explained that the withdrawal of the proclamation is the result of an improvement in the situation. Special dispatches early this morning told of the beginning of a concerted movement by the Fascisti against several towns. Florence, Pisa, Cremona and other chief centers were declared to have been taken over by the Fascisti forces, who deposed the state authorities and assumed command. Apparently, according to these advices, there was no resistance.

Communications in all parts of the country are badly disorganized and the news of the declaration of martial law is the first to reach here since the movement started.

King Victor Emanuel is known to have returned to Rome last night with the intention of conferring today with various political leaders in an endeavor to form a new cabinet to succeed the Facta ministry, which was forced out by the threats of the Fascisti.

FASCISTI ISSUE PROCLAMATION
Rome, Oct. 28.—The Italian cabinet in a proclamation to the people says:

"In the face of such insurrectionary attempts it is the duty of the existing government, by all means, and whatever cost, to maintain law and order, and this duty it will carry out to the full in order to safeguard the citizens and free constitutional institutions."

"It is the government's expectation that the citizens will remain calm and have confidence in the measures taken for their safety."

"Long live Italy!"
"Long live the King!"

CABINET IN SESSION.
Rome, Oct. 28.—The cabinet council has been in session since midnight in order to receive report from the provinces where the Fascisti movement has taken a subversive direction and to adopt necessary measures to meet the situation.

The cabinet decided first to issue a proclamation declaring a state of siege in all the provinces beginning at noon today but later this decision was modified and a proclamation was issued urging the public to maintain order in the face of insurrectionary attempts.

Reports received by the cabinet council from a number of points in central Italy show that the Fascisti were extended their movement with view to exerting pressure for the formation of a Fascist cabinet.

The Facta ministry, despite its resignation is acting with energy to re-establish order.

Rome and all of the large cities up to the present have not been the scene of any disturbances of moment.

**EVACUATION
WAR SIGNAL**
(By the Associated Press)
Tokio, Oct. 28.—Japanese evacuation of Vladivostok, consummated yesterday, promises to be the signal for a new war in that territory with General Dietrichs, "the hard leader of the Russian white guard" allying with Chang Tso Lin, "a crowned king" of Manchuria, according to latest advices received here.

INJURIES FATAL.
Washington, Oct. 28.—Injuries received in football resulted in death here yesterday of Wayne Howard, 18 year old ward of the National Training School for Boys here. The youth was carried from the field after making a diving tackle scrimmage between two of the school teams a week ago. He was said to have ruptured an intestinal blood vessel.

PRESSURE ON STOCK PRICES MARKS WEEK

Professional Selling Founded On Belief That Advance Was Forced

SENTIMENT IS BEARISH

Railroad Shares Offer Most Stubborn Resistance To Selling

(By the Associated Press)

New York, Oct. 28.—Stock and bond prices were under heavy selling pressure most of the week with the result that there was a material falling of quoted values.

Professional selling founded on the belief that the recent advance had been overdone, especially in high priced industrial stocks, was the chief contributing factor to the acute weakness in stock prices. Public buying participation in the stock market was virtually negligible although there was abundant evidence of profit taking in response to advances of the larger commission houses.

Traders generally were of the opinion the action in stocks was the result of inside market conditions, influenced to any great extent by outside considerations.

While professional sentiment was bearish, the opinion was generally expressed the bull market had not ended but would run over into next year, although it was quite probable that some stocks, particularly in the industrial field had been sold around their highest levels.

Railroad shares offered more stubborn resistance to selling pressure than any other group. Reading being pushed to a new high record or the year at 87 1/2, and Pennsylvania touching 49 1/2, its highest price in four years. Announcement of the new plan of exchange for Mexican steamship stock resulted in a considerable lessening of activity in that issue, which has been one of the most spectacular stocks on the list.

Optimistic reports on the steel industry and the semi-annual labor has become an important factor. Steel manufacturers frankly urged a modification of the immigration law to ease conditions. For the first time in several years the United States Steel Corporation was read into the open market to buy unfinished material because of the shortage due to transportation difficulties.

In the commodity markets cotton feature was the rise of cotton prices, now around 24 cents a pound and the highest in two years. Other commodities showed an irregular trend.

Stiffening of call money rates was due to government withdrawals and the calling of loans by both local and at town banks. Time money for longer maturities bankers are demanding five for over the year, requirements.

The commercial paper market is firm.

A sharp break in foreign exchange gripped the French, Belgian, and Italian rates to the lowest prices of the year. Sterling also yielded, but allied toward the end of the week and carried the others to higher ground.

ARMS BROKEN WOMAN PICKS UP HER CHILD

Rushes to Side After Auto
Accident Near Minot

Minot, N. D., Oct. 28.—Although both arms of Mrs. Guy Putney, residing about 13 miles southeast of Minot, were broken yesterday when an automobile in which she and her husband, and Mrs. Fred Bock, their daughter, and her little 11 months old child were riding, tipped over when it collided with another machine here, the injured woman rushed to her daughter's side and picked up the infant with her hands.

Glen Walrath, a high school student, was taken into custody by the police and held on a charge of reckless driving.

Bishop Faber, head of the Montana diocese of the Episcopal church will preach the funeral sermon and business houses in Havre will be closed for an hour out of respect to the late rector, the "bishop of all outdoors."

Activities of press correspondents do not find favor with Coroner Holland who expressing resentment this morning said: "All they want is something sensational," and he followed his statement with the intimation that the killing of the noted minister, supposedly, he said, by a member of the minister's parish, was not particularly the public affair.

Not Public's Business
Coroner Holland said that when Mrs. Carleton came to the Christler home at 1 o'clock Friday morning she acted demurely and that in view of this statement made to him by Mrs. Christler he was convinced no inquest was necessary as he said "I know and all the officials know how the killing came about."

When asked to state what Mrs. Christler had told him to convince him the killing was a murder and suicide, Coroner Holland said again it was not the public business and that he would not make Mrs. Christler's statement public unless he should receive the consent of Mrs. Pyle, mother of Mrs. Christler.

If Mrs. Pyle should desire an inquest the coroner said he would arrange one and call Mrs. Christler to the stand and let her tell her own story.

TO BE INQUEST
(By the Associated Press)
Great Falls, Mont., Oct. 28.—Chief of Police Moran of Havre informed the Great Falls Leader today that there would be an inquest into the deaths of the Rev. Leonard Christler and Mrs. Margaret Carleton, as he understood the relatives of the dead woman had demanded it and that United States Senator T. J. Walsh had been retained as attorney for Mrs. J. H. Pyle, mother of Mrs. Carleton.

CHICAGO IS FOOT- BALL CENTER OF INTEREST TODAY

A cloud flecked sky and a brisk wind greeted Ohio State and Minnesota teams when they met here today in Ohio's first appearance on Northrop field. The stands began filling early, with very indications every ticket had been sold. Ohio was a slight favorite at the start of the game.

"Hobo Dav," an annual student celebration at Brookings, S. D., attracted additional numbers there to the South Dakota State College-University of South Dakota, game.

Home coming day at Carleton college necessitated additional stands for spectators at the St. Olaf-Carleton game at Northfield.

St. John's of Collegeville played St. Mary's at Winona.

MICHIGAN WEAKENED.
Ann Arbor, Mich., Oct. 28.—A Michigan squad greatly weakened by injuries and illness faced Illinois here today in the first home game on the Wolverines' Western conference schedule. Two regulars were out with injuries and Coach Zuppke's squad likewise was not considered as strong as when it all but downed Iowa last week, one or two regulars still feeling the effects of recent injuries.

Michigan's remoulded football squad, scenting a Western Conference championship following the victory over Ohio State a week ago, faced Illinois on Ferry field today in the first "big ten" game of the season locally.

Michigan had lost much of its cocksure spirit because of the absence from the lineup of Vander-vort and Roby, injured at Columbus, and Kipke, one of the sensations of the conference this year, who was suffering from a cold which kept him on the side lines. The crowd that packed every available seat was estimated at 42,000.

IOWA MEETS PURDUE.
Iowa City, Ia., Oct. 28.—Wrecked and reconstructed within a week, with four new faces scheduled to appear in the lineup, Iowa's husky football machine will take the field against Purdue here this afternoon.

Four regulars who played in the Yale game, including Parkin, the season's sensational at the quarterback position, are expected to warm the sidelines, while second squad men fill their places on the field.

76,000 SEE GAME
Yale Bowl, New Haven, Conn., Oct. 28.—With ideal weather conditions 76,000 spectators crowded the bowl this afternoon to see the Army and Yale crash in their twenty-second encounter in football.

The crowd was equal to the largest that ever witnessed a football game in Haven.

AT THE MOVIES

THE ELTINGE.
The attraction at the Eltinge for Monday and Tuesday is "Trouble" with Jackie Coogan as chief entertainer.

"Trouble" is a fine mixture of wit and comedy, with the latter element predominating, and the boy star is the pivot of virtually every scene. He plays the part of an orphan adopted into the home of a no-er-do-well plumber and one of the funniest scenes is when Jackie, pinching hitting for the lazy foster father, floods a mansion in an effort to fix a leak. Later, in a tense court trial, the child gives the finest piece of acting any star of his years ever contributed to the screen.

In addition to the usual matinee and evening performances, a special matinee will be given after school Monday for the children. On the same program "Cold Feet" one of the best of the Christie comedies will be shown. "Cold Feet" is a comedy burlesque on the dramas of the North woods.

**OWEN MOORE IN A
BIG LAUGH PICTURE**
Bearing the extremely interesting title, "Love Is An Awful Thing," there will come to the Capitol theater Monday one of the most humorous and uproarious joyous farces seen on the screen in a long time. That accomplished comedian Owen Moore, last seen in "A Poor Simp," and "The Chicken in Case" has the leading role. He is ably supported in the fun making by Douglas Carter the long lean, lanky gentleman of color who was so prominent in "A Poor Simp." Another comedian of real ability and international reputation as a funster who appears in the cast as Snitz Edwards.

Marjorie Daw and Kathryn Perry, the Follies beauty, play the girls and are genuine decorations and assets to any picture.

The story concerns the adventures of one Anthony Churchill who is endeavoring with little success to convince the father of the girl he wants to marry that he is suitable matrimonial material.

RED CROSS TO HOLD ANNUAL MEMBER CALL

Conference Concluded Here
Find Representatives Ready
For Big Campaign

The Red Cross regional conference concluded its work here yesterday afternoon, with the representatives of the various chapters armed with facts to be used in the coming roll-call campaign. During the afternoon session Mrs. Fred L. Conklin of the Burleigh county chapter detailed the work of the chapter for the service men and spoke particularly of the relation of the chapter to the disabled ex-service man. Dr. L. A. Schipper spoke on the same subject, E. P. Krick, chief of Red Cross service, U. S. Veterans' Bureau, Fargo, detailed the relationship of the sub-district office to Red Cross chapters, and Maurice R. Reddy, of Chicago, spoke of the relationship of chapters to men in the hospital.

At a noon luncheon Father Dignan of Dickinson, Attorney-General Johnson and Dr. F. R. Smyth spoke.

The annual roll-call of the Red Cross will begin about Armistice day, and it is hoped by the representatives that a successful drive may be held in all the western North Dakota counties.

A resolution of sympathy for G. O. Sanden of Manning for the death of his wife, Mrs. Lois-Vail Sanden, for many years secretary of the Dunn county chapter of the Red Cross, recently was adopted.

ENGINEERS IN GOOD MEETING

The Bismarck club of the American Association of Engineers held a well-attended Roosevelt and Health Week meeting last night at the McKenzie hotel, 30 being present.

Judge A. M. Christanson spoke on Roosevelt's life, pointing out the cleanliness of Roosevelt's mind and body, reviewing his sickly childhood and his manly vigor.

Dr. J. O. Arnsen spoke on "Keeping Fit" and cited Roosevelt as an exponent of the doctrine of the value of the value of a sound body. E. J. Budge, representing the engineer, spoke of the relationship of the engineer and engineer's work to public health.

Visitors were present from Mandan, Minot, Minneapolis and St. Paul. In addition there was present

BIRTHDAY IS OBSERVED

Ideals of Theodore Roosevelt
Expounded at Baptist Church

The young people of the Baptist church observed Roosevelt's birthday last night in the revival meetings being held. About the pulpit were hung national flags with the picture of the Colonel placed in the center of a large flag on the wall. The pastor, L. R. Johnson spoke briefly referring to the ideals of Theodore Roosevelt, who, previous to his great career, gained his health and good start in North Dakota, reading the brief and pointed creed of the great statesman.

Rev. Naylor, evangelist, preached on the theme, "Hidden Treasures and How to Find Them." "Most treasures which are of great worth have been hid treasures," he said. "Gold was discovered in the Rockies by a man catching hold of bushes to save himself from falling. On examining the dirt it was found that it contained gold. The diamond fields of South Africa were discovered when a pebble thrown at a pig by a boy was seen to sparkle. Thought transference was all about the world potentially when Adam and Eve lived, but it was not actually realized till Marconi began to reveal the secret to the world."

The preacher continued by saying that faith, hope, repentance, peace are things that cannot be bought with money. A man might be a

BENEFIT SHOW TO BE GIVEN

The presentation of "Sonny," starring Richard Barthelmess, to be given at the Eltinge theatre next Wednesday and Thursday, will be a benefit production for the Women's Community Council milk fund. The council, in the past year, has distributed over 10,000 pints of milk to school children. This will be the third year of free milk distribution, which the council believes has been of material benefit in building up children and reducing the disease and death rate. The council also maintains a rest room with a matron in charge, whose salary the council pays. The council has taken care of several tonsilectomy cases and fitted several children with glasses. Children's tickets for the moving picture show, as well as tickets for adults, may be purchased at the Eltinge box office.

A Vicious Omission

VOTERS' PRACTICE SHEETS have been posted in the city of Bismarck.

These sheets contains three columns; namely
REPUBLICAN? DEMOCRAT INDIVIDUAL NOMINATIONS.

In the Republican column are the names of candidates that were high in the June primaries.

In the Democratic column are (only) those names that opposed successful candidates that were in favor of the FARMER'S PROGRAM.

The Individual column is left BLANK.

I appeal to all good thinking people in Burleigh County. If you were giving a pupil a PRACTICE SHEET, wouldn't you give him the entire sheet?

Are the people that arranged and printed this PRACTICE SHEET afraid of you selecting one or more of the names that SHOULD appear in the INDIVIDUAL COLUMN?

As a matter of fact the writer only sees a few names in the REPUBLICAN COLUMN that has any right to be there. The balance are all fusionists and should be in a column by themselves.

But what about INDIVIDUAL NOMINATIONS? Don't you think that the voter should have a chance to PRACTICE on him? He does not have to do the WILL of the other fellow, whether he thinks it is right or not, for fear of being called a TRAITOR.

I quote one sentence of the PRACTICE SHEET: "The ballots that will be handed to you on election day, will a trifle larger than the fac similes printed on this sheet." Had they said on this fac simile, they would have been liable (if they are) for misrepresentation.

I don't know who was responsible for this sheet but will again quote from it. "Don't forget to mark (X) after the I. V. A. candidate for official newspaper when you vote on election day."

The writer has an idea who is behind it and wants to go on record as calling him or them, Dirty Politicians.

Do you voters want to vote for people who will, by omission, leave something out of a measure in the Legislature that would be of benefit to you?

Look in the INDIVIDUAL NOMINATIONS column and vote for the candidates that have nothing to cover up, by OMISSION.

SUICIDE
Doctors are more apt to resort to suicide than members of any other profession. This is revealed by the latest list of suicide records, which show doctors at the head of list among professional men.

Discussing this in American Medicine magazine, Dr. S. Dana Hubbard of New York City reaches the conclusion that occupational strain is greatest in the medical profession.

A physician is in constant danger, dealing with diseases in their most advanced stages, especially the incurable kind. An unthinking public overlooks this meritorious service. You never heard of a doctor backing out of a case because he fears the malady, however dread. A lesson in courage and self-sacrifice for the good of humanity.

In proportion to numbers engaged in the profession, the suicide rate among doctors in 1921 was not much higher than among lawyers.

Suicides last year totaled 86 doctors and 57 lawyers. But there are many more doctors than lawyers.

Both professions require courage and the will power of endurance. They have this in common: years of costly education, then years of comparative inactivity, sitting around waiting until they have a paying business built up.

Forty-five seems to be the average age of suicide. Hence it must be the danger year, the blackest hour that comes just before the dawn of success.

At 45 a man is beginning to grow weary, after years of dogged effort, and is apt to become discouraged unless constantly on his guard.

Discouragement brings brooding. And brooding may result in the fit of temporary insanity in which most suicides occur.

The suicide ignores the lesson of countless centuries, this being the lesson: There is always a way out of any trouble. No trouble endures for good. Luck changes as surely as the ocean tide turns.

The suicide is like a man who, at 4 in the morning, gives up hope that the sun ever will rise again.

A mighty lesson for all of us, this truth, that it is always blackest just before dawn. It is part of the wisdom we have inherited from the past. And it is eternally true.

FAIRIES
Conan Doyle stirs up much argument by his announcement that he believes in fairies. He goes as far as to publish nature photographs in which fairies are shown, about the size of butterflies and with the same kind of wings.

It would be a mistake to "investigate" this from the angle of trick photography. Whatever fairies exist or not, doesn't matter. It's a good thing to believe in them. Life would be drab without such illusions as fairies, Santa Claus and air castles.

Do you remember your heartache when disillusioned on the subject of Santa Claus?

CANCER
English medical experts, asking their government for a fund of several millions to fight cancer, report that this dread parasitic disease "attacks the worker rather than the drone, the strong rather than the weak."

Like booze, it goes after big game, explaining why so many brilliant intellects used to be found inside saloons. Cancer is said to kill a fourth of people more than 45 years old. Its chief cause is chronic irritation. That's the thing to watch. Take no chances. The doctor charges less than the undertaker.

SURE-FIRE
A life sentence in the penitentiary is dealt out to an eastern man convicted of burglarizing an inhabited dwelling during the night.

Sentimentalists will claim, "Yes, but that doesn't stop burglary." However, we know one burglar who will not be prying windows open for some time. Regardless of its psychological effects, whether severe sentences set a terrifying example or not, inmates of prisons are eliminated from crime as long as they're incarcerated.

JOKE?
Thousands of typists in London are hoaxed by a fake ad offering a job at big pay. "No such company at this address."

Walter Agombar, London cobbler, is the victim of a joker who advertised that Walt would repair shoes free of charge for a fortnight.

Vicious "humor" of this sort is hard to explain, but no more so than any other joke. Ever try to explain a joke?

STYLES
France is alarmed by the discovery that her exports of dressmaking materials—such as laces and embroideries—are a half billion francs a year less than before the war.

All around, French styles are losing ground. Parisian designers seem to have lost their famed knack of keeping a finger on the world's fashion pulse.

It is part of the growing independence of women. Each year they are less inclined to accept whatever is dictated by style leaders, whether they like it or not.

BEE
A half-interest in Achievement Girl, a queen bee, is sold for \$150 to J. M. Cutter & Son, Montgomery, Ala. She is delivered by registered mail.

She is worth more than any other bee in the world because she is the best bee-mother in the world. That is true of humans. Most valuable and important of them are the best mothers.

The careers of great men are second-hand achievements of their mothers.

EDITORIAL REVIEW

Comments reproduced in this column may or may not express the opinion of The Tribune. They are presented here in order that our readers may have both sides of important issues which are being discussed in the press of the day.

A BEE WORTH \$300
There used to be a joke about a city girl who said she was going to move to the country and keep a cow and a bee. Keeping a bee isn't a joke now. The other day a man in North Dakota sold a half interest in one bee to an apiarist in Alabama for \$150. The bee—of course it is a queen—has been shipped to the southern home of her new half owner. She will spend the winter there, returning to North Dakota in the spring. Bees are not naturally given to winter work, but queens do not exert to lay eggs all the year around. A queen may not fill three or four thousand cells a day in the cold months, as she does in the spring and summer, but the southern bee man probably will get between now and April all the bees of the new breed that he needs for stock. Meanwhile the queen will be treated royally. The attention she receives from her owners will be nothing compared with that which will be forthcoming from her ten or twenty thousand workers. They will assign a dozen maids, chambermaids and ladies in waiting to their sovereign and she will have nothing to do but lay eggs. Not that the life of a queen bee is all pleasure. When the hatching is about to begin and the queen tries to make a joyous round of the cells to kill all the prospective queens she is gently shouldered away by the workers. They help her in every way to increase the life of the tribe but they will not let her stay posterity. A queen lasts only three or four years, but she keeps everlastingly at her job; so perhaps \$300 is not too much value to set upon her. Nobody would give nickel for a drone, for there is only one drone in a thousand that is worth anything at all and when his value is discovered he is dead.—New York Herald.

BEGIN HERE TODAY
Through the Adirondack forests rages a savage battle for possession of the flaming jewel, originally stolen from the refuge by COUNTESS THEODORA of Ethonia by the great international thief, QUINTANA. In Paris, Quintana was robbed of the gem by MIKE CLINCH, an American soldier, who brought the gem back to the disreputable hunting camp where he lived a life of crime ever since his legitimate business of guiding hunting parties had been destroyed years ago by the uncle of JAMES DARRAGH. Darragh, going as Mr. Smith, loves the countess and has sworn to restore the jewel to her. Clinch is passionately fighting for the jewel as it represents the sole means of giving his beautiful stepdaughter, EVE STRAYER, the "education of a lady." EVE and her lover, TROOPER STORMONT, escape from Quintana, who with his gang has come to the camp to regain the jewel. Eve swims Star Pond with what she believes to be the real jewels in her mouth. Darragh takes what Eve thought was an empty jewel case from Quintana and finds the real jewels in a false bottom. Darragh learns that the countess and her companion are about to arrive at his hunting lodge. CHAPTER III It was afternoon when Darragh awoke in his bunk, stiff, sore, confused in mind and battered in body. Wier, hearing him stir, came in. "How long have you been back? Did you meet the ladies with your flivver?" demanded Darragh, impatiently. "I got to Five Lakes station just as the train came in. The young ladies were the only passengers who got out. I waited to get their two trunks and then I drove them to Harrod Place." "Where did you say I was?" asked Darragh. "Out in the woods, somewhere. The last I saw of them, Mrs. Ray had their hand-bags and Jerry and Tom were shoulder-bagging their trunks. I'm going up there right away," interrupted Darragh excitedly. In a pathetic attempt to spruce up, he knotted the red bandanna around his neck and pinched Salzar's slouch hat into a peak.

EVERETT TRUE BY CONDO
ADVENTURE OF THE TWINS
By Olive Barton Roberts
The next person whom Nancy and Nick met on Mars was a wooden woman. She was queerer even than the stone man, and rolled along on wheels. "What do you do?" remarked Nancy politely dropping a courtesy. "Did you happen to see Mother Goose's broom? She's lost it!" The wooden woman stopped and rolled her eyes in a queer way. "Thank goodness!" she exclaimed. "It used to worry me to death to see her." "Why?" asked Nancy. "Were you afraid she'd fall?" "No, indeed," answered the wooden woman. "It used to worry me to see her sweep. I can't bear to see anyone working." "We've got a very kind heart," remarked Nick. "No I haven't," said the wooden woman, shaking her head. "You're wrong. It's not kind. It's wood and can't feel. I'm not as kind as I look. It's just that I get nervous at the sight of anyone working." "I used to be a scullery maid and I scrubbed and swept and swept and scrubbed until one day I said, 'I wish I were made of wood. Then I'd never have to lift a broom again.' Some fairy heard me, I guess, for the first thing I knew I was up here and turned to solid wood. It's nice for a change, and I'm having a fine rest. The only thing is that some day I'll wish myself back again, and I do hope the same fairy will hear me." "We'll speak to the Fairy Queen," said Nancy. "And now we must be off to hunt for Mother Goose's broom." "Well, I hope you don't find it." The wooden woman shivered, then said goodby and rolled away on her wheels.

Finney's Drug Store
Bismarck, N. D.

Mrs. Mabel Francis
"Tanlac helped me back to good health two years ago and I am still feeling fine," recently said Mrs. Mabel I. Francis, highly esteemed resident of 623 S. Linwood Ave., Baltimore, Maryland.
"Before taking the medicine I suffered from a nervous breakdown and was in an awful condition. I scarcely had strength and energy to handle a broom and my housework was drudgery to me.
"The first bottle of Tanlac made such a wonderful improvement in my condition that I was both surprised and delighted. So I stuck to it and a few bottles built me up ten pounds, and made me feel as if I had never had a sick day. My health has been fine ever since."
NOTE—The International Proprietary Co., distributors of Tanlac, have on file in their offices at Atlanta, Georgia, over fifty thousand signed statements from representative men and women from every State in the Union and every Province of Canada. Many of these are from prominent people in this city and section and have been previously published in this paper.
Tanlac is sold by all good druggists.

CHANGE OF LIFE WOMAN'S TRIAL
Proof That Lydia E. Pinkham's Vegetable Compound is of Great Help at This Period
Metropolis, Illinois.—"I have taken Lydia E. Pinkham's Vegetable Compound and it is all I needed. I had been sick for months with a trouble which confined me to my bed and was only able to be up part of the time when I was advised by a friend, Mrs. Smith, to try Lydia E. Pinkham's Vegetable Compound and Liver Pills. I was so much benefited by the use of these medicines that I was able to be up and about in two weeks. I was at the Change of Life when I began taking the medicines and I passed over that time without any trouble. Now I am hale and hearty, do all my housework, washing, ironing, scrubbing and cooking all there is to do about a house, and can walk two or three miles without getting too tired. I know of several of my neighbors who have been helped by your medicines."—Mrs. EMMA CULVER, 705 E. 7th St., Metropolis, Illinois.
Depend upon Lydia E. Pinkham's Vegetable Compound. Nervousness, irritability, heat flashes, headache and dizziness, are relieved by this splendid medicine.

About 200 Couples Attend U.C.T. Dance At Grand Pacific

About 200 couples enjoyed dancing at the United Commercial Travelers hall last night. In addition to the local people a number from nearby towns attended. The large hall was given a festive appearance by lights dimmed with pumpkin colored shades. Streamers of black and gold; figures of black witches, bats, and owls, pumpkins of yellow, and other halloween decorations lined the walls and hung from the ceiling until the hall with its hundreds of happy dancers was transformed into a scene of gorgeous splendor. Enticing music provided by Wagner's five piece orchestra added to the enchantment of the evening.

At midnight an elaborate dinner with many unique features prepared for the entertainment of the guests was served.

Much of the success of the evening was due to the committees that had charge of decorations, refreshments, and arrangements. Those attending reported that the U. C. T. dance last evening was the most successful one ever given.

ENTERTAIN AT PARTY.

Mrs. Ella Larson and Gertrude Boser were hostesses last night at a halloween party given at the home of Mr. and Mrs. H. W. Richholt. The evening was spent by the 25 guests present in putting on stunts and playing cards. Miss Alice Olson won high score at cards and Miss Frances Mallory consolation prize. Refreshments were served at the close of the evening.

FORMER RESIDENT.

Mrs. Jennie McKenzie who has been spending several weeks visiting with friends in Bismarck left this morning for Fargo where she will spend the winter at the home of her daughter, Mrs. V. J. Remus. Mrs. McKenzie, a former resident here, was entertained by her many friends while in the city.

BRIDGE PARTY

Mrs. A. J. Arnot entertained at bridge last evening in compliment of Mrs. Eric Simes of Mott who is visiting in Bismarck. High score at cards was won by Mrs. K. Kjelstrup. Mrs. Charles Howe of Winton was an out-of-town guest at the party. At the close of the game a luncheon was served.

HALLOWEEN PARTY

Mrs. C. P. Nuyen gave a halloween birthday party in compliment to her daughter, Miss Velma who celebrated her 14th birthday. Twenty two of Miss Velma's friends came to the party dressed in costume appropriate to the season of ghosts and witches. Ghosts acted as directors in the playing of games which included a ride on a bat, games in which a dungeon was headquarters for the spooks, and the telling of fortunes by witches. At 10 o'clock a luncheon was served. Favors presented to the guests were witches seated on broomsticks.

MENTAL HYGIENE SURVEY

Miss Mina Sessions and Miss Florence Grant left yesterday for Lovell, Wyo. where they will conduct a mental hygiene survey of the state under the directions of Dr. T. H. Haines who recently had charge of similar work in North Dakota, but who has been transferred to New York City. Miss Lucille Martin and C. L. Bishop Heinmiller Dies Suddenly at Home of His Son

A telegram was received yesterday by Rev. C. F. Strutz telling of the death of Bishop G. Heinmiller of Cleveland, O. at the home of his son, Prof. W. H. Heinmiller of Naperville, Ill. Mr. Heinmiller who was about 70 years old has been a bishop in the Evangelical church for the past 16 years, and was reelected a bishop at the recent conference of the church.

Bishop Heinmiller had not been ill. His friends declared that news of his death came as a complete surprise to them.

Bishop Heinmiller will be remembered in Bismarck as delivering the commencement sermons for the high school class of 1921 and for the graduating class of nurses of the Bismarck hospital this spring.

Bishop Heinmiller was born in Iowa and had his educational training in Northwestern College, Naperville, Ill. Soon after this he was appointed to head the theological school in Germany and elected as editor of the German demonstration organ for the Evangelical church. He was president of the board of trustees of Northwestern college for a number of years, was president of the board of missions for many years, and took a prominent part in church and civil life during his life time.

His daughter, Miss Mae Heinmiller was superintendent of the nurses training school of the Bismarck hospital for two years.

FUNERAL RITES FOR MR. HUGHES IMPRESSIVE

Many Attended Services Held in the Salvation Army Hall Yesterday Afternoon

The funeral services of David L. Hughes, Sargent Major of the Salvation Army, was held yesterday afternoon in the Salvation Army Hall on Main street and were of an unusual nature.

The hall was packed to its utmost capacity and the platform was occupied by many of his old comrades, the speakers and singers. The floral offerings were many and very beautiful.

The services consisted of the singing of the favorite hymns and choruses of the deceased, and testimonials of his comrades as to his life and service.

The scriptures were read by the Rev. C. F. Strutz and a short address given. Rev. H. C. Postlethwaite spoke of his acquaintance with Mr. Hughes for 17 years and of the exemplary life lived these years. "Always the same consistent Christian living and faithful service during these 17 years," was the testimony given.

The singing of the male quartet was very beautiful. The congregation joined in the singing of the hymns and the choruses and with much of the fervor shown during the life work of Mr. Hughes. The quartet sang "Some Day the Silver Chord Will Break," in accordance with a wish Mr. Hughes had made years ago to a daughter.

The meeting was in charge and conducted by Ensign Homer, who spoke so feelingly of the help and encouragement as well as sane advice, he had so often received from his departed brother.

The funeral cortege was also simple and unusual. The body was borne from the hall down Main street to Sixth street on the shoulders of pall-bearers, who were officers and co-workers in the Salvation Army. A large number of friends of the deceased were in the solemn procession. The funeral cortege proceeded to St. Mary's cemetery, where the last rites were held and the body laid to rest. Seldom has a more touching scene been witnessed on the streets of Bismarck than this funeral procession.

O. W. ROBERTS IS INJURED

O. W. Roberts, weather observer, is using a fractured and dislocated jaw as a result of a fall on the weather bureau tower which did not result more seriously only because he fell on the side of a small platform. The accident happened while Mr. Roberts was fixing the weather bureau instruments. He was lifting out the wind vane when it fell on his head, knocking him unconscious. Mr. Roberts fell to the small platform about eight feet below, striking the side of the platform. Employees of the weather bureau saw the accident and rushed to Mr. Roberts' assistance. He was taken to a hospital but discharged and is now at his office, but will be unable to take solid food or to talk for probably two weeks.

BISMARCK HIGH TEAM GOES INTO STATE SEMI-FINALS

TEAM VICTOR SECOND TIME OVER MANDAN

Wins Southwestern Sectional
Title with 25 to 12 Victory
On Mandan Field

GAME IS LONG ONE

Mandan Crosses Bismarck
Goal Line For First Time
This Season

Bismarck high school's fast football team will go into the sectional championship, the team winning the right by defeating Mandan high's team on the Mandan gridiron Friday afternoon by a score of 25 to 12. It was the second victory over Mandan this season, and the fifth football win for Bismarck this year.

While Bismarck was beating Mandan, the Williston high school team put Minot high out of the championship race by winning at Minot, 14 to 12.

The next game of Bismarck will be decided by the state board. It is probable the local team will meet Williston or Fargo, the latter team being doped to win the southwestern sectional championship. Grand Forks is winner of the north-eastern section title. Fargo has already beaten Grand Forks, 7 to 0, so it is not improbable Bismarck may play Fargo.

The Mandan game, which Bismarck appeared to have put safely away, became a real battle in the second half when Mandan within a few minutes scored two touchdowns. With the score 18 to 12, Bismarck made a fourth touchdown and goal, and then was fighting for another touchdown when the final whistle blew. The game was a long one, lasting over two hours, and it was getting dark in the Mandan fairgrounds when the final whistle blew. The game was a long one, lasting over two hours, and it was getting dark in the Mandan fairgrounds when the final whistle blew.

Team Works Well

There were no stars in the Bismarck line-up. The team worked well with the exception of the failure of the back field to stop Mandan's forward pass spurt in the last half. Bismarck had but one substitution, Murphy replacing Brown when the latter was injured in the third quarter. Hahn did the punting for Bismarck, and sent a lot of high spirals for long distances. Lee Scroggins was on left end. The line plunging of Alfson was the best he has done. Williams at center, Newgard at end and Nelson in the backfield played good football for Mandan.

The local team started to run away with the game. Mandan received the kick-off, defending the west goal and taking advantage of the light wind blowing over the field. Nelson made eight yards and then Scott stopped Arthur. Mandan punted. Alfson made four yards, Hahn three, Brown two and Hahn made it first down. Brown made seven and Bismarck was penalized five yards for off-side play. Hahn was stopped. Brown made three yards and Burke then pulled down a nice forward pass with a 12-yard gain. Brown made three, Hahn six, Alfson five and the Brown took the ball over in a tackle-smash for a touchdown. A forward pass for an extra point failed.

Locals Score Again

Hahn kicked off to Nelson who ran the ball back 20 yards. After two tries at the line, Nelson kicked. Hahn punted and Benzer recovered a fumble on Mandan's 20-yard line. Bismarck bucked to the 3-yard line where Mandan held. Mandan kicked out of bounds on the 30-yard line. Alfson fumbled on the third down, Ressler recovering for Mandan. Three tries at the line netted Mandan but four yards and Nelson booted. Arthur broke up a Bismarck forward pass. Hahn kicked out of bounds on Mandan's eight-yard line. Arthur fumbled on an end run. Burke picking up the ball failed in a tackle-smash. The locals failed to score on the first try. Alfson kicked the score standing 12 to 6.

Scott down Nelson who received the kick off. Kline broke up a Mandan play and the quarter was up. Percy Tibbits, an Indian boy with a reputation for speed, went in at half for Mandan, taking Arthur's place. Mandan made first down and then after three attempts punted. Halloran returning 10 yards. Hahn made eight on a long end run. Two tries at the line netted Mandan but four yards and Nelson booted. Arthur broke up a Bismarck forward pass. Hahn kicked out of bounds on Mandan's eight-yard line. Arthur fumbled on an end run. Burke picking up the ball failed in a tackle-smash. The locals failed to score on the first try. MICHIGAN BOASTS TWO GREAT STARS

Captain Goebel and Kipke Stand Out

CAPTAIN GOEBEL, HALFBACK KIPKE.

BY BILLY EVANS.

In Captain Goebel and Halfback Kipke Michigan has two candidates for the All-American.

No end in recent years has played a great game than that which Goebel put up against Ohio State. For three periods Goebel was the mainspring of the Michigan eleven.

He seemed to be in every play. It was always Goebel who was gumming up things for State.

No man could go through an entire game at the speed with which Goebel played the first three quarters. It was beyond the power of any human being. With a few minutes to play in the third period the big fellow practically collapsed.

Even when three or four of his teammates were carrying him off the field the old spirit was still there. He tried to induce his teammates to make the last play, and tried to break away from their grasp, but the punch was gone and he was forced to give way as the big crowd cheered him to the echo.

First Kicks Field Goal.

If any one man made possible the defeat of State by Michigan it was Captain Paul Goebel. In the first period he kicked a field goal from the 30-yard line. That goal gave Michigan the needed confidence. It tended to disconcert State.

Only a few minutes before Goebel had made possible the chance to kick goal by sifting through the secondary defense and blocking Workman's punt. The blocking of that punt was the first break of the game.

In the second period, with the ball on State's 30-yard line, a rather poor pass by the State center, which hit Blair on the back because he also started too quickly, caused a fumbled ball. Once again Captain Goebel was the hero. Following the ball closely he recovered it for Michigan. Once again the State's defense had allowed Goebel to filter through.

on Bismarck's 40-yard line. Reed recovered a fumble for Bismarck on the second play. Bismarck was penalized five yards for off-side. Hahn kicked and the Mandan receiver fumbled the ball on Kline's tackle. Brown took the ball five yards and over the line on the first play. Bismarck missed goal, the score standing 12 to 6.

Halloran ran the kick-off back 15 yards to his 37-yard line. Mandan took the ball on downs, and then began his passing game. A pass, Nelson to Porter, gave Mandan a 30-yard gain and put the ball on Bismarck's 12-yard line. The Bismarck line held, and Hendrickson, then threw a pass which Newgard, who was downed on Bismarck's two-yard line. Line plunges failed, and Hendrickson circled Bismarck's left end for a touchdown. A placement failed, and the score stood, Bismarck 18; Mandan 6.

Hahn returned the kick-off 15 yards to his 28-yard line. Bismarck made 10 yards and Tibbits knuckled down a punt. Alfson made 10. Hahn three and six and Brown eight on a short pass, but Bismarck was penalized 15 yards for holding, the ball coming back 23 yards. Murphy went in for Brown who was injured. Hendrickson intercepted a pass and ran 45 yards until pulled down by Halloran on Bismarck's six-yard line. Bismarck's line held on three downs and then a pass to Newgard, who caught it on the goal line, gave Mandan her second touchdown. The try for goal was no good. The score stood, Bismarck 18; Mandan 12. The quarter ended a minute and a half later.

Bismarck Holds

Mandan tried three line plays in the fourth quarter opened but gained little and punted. Two plays failed. Burke made 15 yards on a pass. Mandan stiffened and held Bismarck for downs off her 5-yard line. Nelson was thrown back for a loss to his own 2-yard line. Mandan punted out of bounds on the 25-yard line. A pass failed. Hahn took a pass for eight yards. Halloran made it first down. Alfson fumbled and lost five yards. Capt. Scott made six yards. A pass from the 15-yard line failed and Mandan took the ball. Nelson made eight yards. Bismarck's forwards broke through the Mandan line and blocked a kick. Burke falling on the ball on the 8-yard line. Alfson made five yards, Hahn was stopped

WILLISTON BEATS MINOT

Strong Attack in Early Part
Of Game Gives Victory

Minot, N. D., Oct. 28.—Williston yesterday eliminated Minot from the district football championship race by defeating the local high school in a game of thrills, 14 to 12. Scoring two touchdowns, to which they were aided by a spectacular passing attack early in the game, the visitors were then played to a standstill by Minot. The home eleven counted on a line buck in the final moments of the first period and added another touchdown in the third quarter by a vigorous and varied assault. Goal by drop kick was missed by inches, leaving Williston the winner.

The final period found Williston returning to the attack and much of the quarter was played in Minot territory. Twice Minot held at the goal line, the dense stiffening remarkably but the offense failed to threaten the visitors goal during the period.

The largest crowd of the season formed a circle about the playing field and included a large Williston delegation. Goldberg, Walrath and Tompkins starred for the losers, while Williston's play was featured by team cohesion; with Phillips, Farrier and Kulass taking the lead in the offensive.

KRAUSE WILL MEET TOUGH ONE AT FORKS

Grand Forks, Oct. 28.—Bat Krause, Bismarck fighter, who is to meet Perry Bliven, local boy, in a ten-round go home on Armistice Day, Nov. 11, will have no snap according to local fight fans who have seen both men go. Bliven, they say, has sufficient speed to keep his head out of the way of Krause's powerful uppercuts and also has many hard jabs and punches in his right and left, both, which will make Krause's play in the ring miserable.

The Krause-Bliven go comes as the semi-windup of a fight staged by the local militia company, Co. M, on which card Mike is to be one of principals. Several preliminary bouts between local youngsters will furnish a good deal of local interest as will the Krause-Bliven bout. The presence of Mike on the card is expected to attract many because of reputation as a fighter which Mike carries. The Krause part of the card will attract interest from the western part of the state.

Kipke's Punting a Feature.

In addition to his fine work on the defense, as well as offense, Kipke gave a remarkable exhibition of punting. Evidently he has been coached in side-line kicking, a feature of play that some coaches are very partial to, and which I have always regarded as good football strategy.

On his first two attempts it was apparent that Kipke was trying to get the full distance of from 35 to 50 yards on his kicks and then have the ball go out of bounds. He failed both times, but soon got his range. During the game many of his kicks would carry close to 50 yards and then go out of bounds, preventing State from running them back and also saving his team from the grueling that is necessary to stop any such attempts.

If Goebel and Kipke can continue the form they exhibited against State throughout the season no All-American team would be complete without their names.

and Alfson, then smashed through the right side of Mandan's line for a touchdown. Burke drop kicked goal, making the score Bismarck 25; Mandan 12.

With darkness settled over the field Mandan and Bismarck both resorted largely to forward passes. The game ended with the ball in Bismarck's possession on Mandan's 30-yard line.

IOWA HAS PROSPERED IN FOOTBALL UNDER JONES

LEFT TO RIGHT: HOWARD JONES, MAJOR HIEL.

When Iowa played Yale the Jones family was a bit divided in its sentiments.

Yale, you know, is coached by Tad Jones; Iowa by Brother Howard. Mother Jones hoped the game would end a tie.

Dad Jones said if anybody must win he hoped it would be Howard.

can made it possible for New York to again win the American League pennant.

The Washington club of the American League was up against it in the same way all last season. Third base was the jinx position on the ball club.

No less than a half dozen players seemed to fill the position. Howard hanks was picked as the regular to start at third. A broken bone in his hand caused his retirement.

Owen Bush doing bench duty, was rushed into a breach. For a number of weeks he played fine ball only to be forced out because of an injury to his leg.

This gave the recruit Lamotte a chance. He was, doing as well as could be expected when he was injured. Shanks came back and again suffered a broken bone in the hand. Bluge, another recruit, who may win a regular berth in 1923, played a few games.

As a matter of fact the Washing-

ton club really had no regular third baseman last season.

Well, Howard won, as Dad Jones hoped and the first one to congratulate him was brother Tad.

Under Coach Howard Jones Iowa has been a big factor in college football for a number of years. One of his valuable assistants is Major Hiel.

YANKEES MAY GET PENNOCK

It wouldn't be at all surprising if Pitcher Herbie Pennock of the Boston Red Sox was with New York next season. Pennock is about the only Red Sox player who appeals to the New York owners.

For two years, or ever since the Yankees sold George Mogridge to the Washington club, the New York American have been without the services of an experienced left hander. When the deal with Washington was made it was hoped that "Lefty" O'Doul would come through but he failed.

There is a strong likelihood that several changes will be made in the Yankee lineup and one of two pitchers are liable to be sent elsewhere. If such is the case, Pennock

in all probability will become a Yank.

The New York club has wanted him for several years. No doubt by the time spring rolls around Owner Frazee of Boston will need some ready cash and Pennock will be the means whereby to secure it.

It is a cinch that Pennock would welcome such a change as the Red Sox seemed to be destined to fight for the cellar championship again in 1923.

JIMMY DELANY LOOKING FOR NEW VICTIMS

Davenport, Ia., Oct. 28.—After holding Jim Delaney, Mike Gibbons, middleweight protege from St. Paul, fairly even for five rounds last night, Harry Krohn of Cleveland, suffered such severe punishment that Referee Packey McFarland stopped the bout, a scheduled ten-round main go, in the sixth. Krohn's mouth was badly cut and many of his teeth were loosened by Delaney's attack in the final round and he probably would not have lasted another round.

FARGO BATTLES FOR THE TITLE

Two football games today will decide the winner of the southeastern section high school championship. Fargo is playing Lisbon at Fargo. Valley City is playing Carrington. If Lisbon defeats Fargo the winner of the Valley City-Carrington game is district champion, but if Fargo beats Lisbon Fargo will go into the state semi-finals.

Lisbon has lost to Valley City, but also has defeated the Moorhead State Teacher's college and the A. C. Reserves.

Billy Evans Says—

While the building of the Ohio State stadium might make it seem that the big universities were specializing in sport, such is far from the truth.

However, varsity football and the stadium is just one of the many athletic activities at Ohio State. The other appeal to those who desire exercise for pleasure, health and effi-

lency, rather than the glory that goes to the college hero.

The horseshoe stadium at Ohio State is simply the center of Ohio States sport or athletic activity.

The slogan today is athletics that will interest many instead of merely a few who have great proficiency in their particular line of sport.

The horseshoe stadium which will seat close to 70,000 was built to take care of the big spectacles, the variety football program.

While at Columbus recently attending the game between Michigan and Ohio State, I looked more closely into this feature of States' intramural plan.

A program has been mapped out by the university which calls for the ultimate construction of 100 tennis courts, 24 intramural diamonds, eight football fields and scores of horseshoe pitching courts.

It was chiefly for this feature of college life that 93 acres were set apart for the recreational unit around the stadium, which would take care of every phase of that feature of college life.

Not only will this add interest in athletics but will give the opportunity to further beautify the campus.

Lloyd George Fights With His Back to the Wall

Lloyd George is down but not out, seems to be the verdict of neutral observers on the resignation of Britain's Premier, whose Coalition Government has been in power through the long stormy years since the war got under way. The London Outlook blames his decline on his handling of the Near East problem, saying: "There comes an hour in the career of many successful men when some fatal flaw of character, hidden in the years of struggle, and perhaps hardly suspected in the day of prosperity, exposes itself suddenly before the world at a moment of sudden crisis. The damage may be patched up, the idol survive some time longer in the temple of fame, and the multitude still flock to see it. But the crack is there for all who choose to look."

In defending the action of his Government at the Straits where he claimed to be a peace-maker and not a war-monger, Lloyd George states "I am told we were right in our object of keeping the Turk out of Europe, preventing a massacre at Constantinople and insuring the freedom of the Straits—all that was right, but we ought not to have used force. We ought to have argued with them, ought to persuaded them. He is a gentleman who is very amenable to persuasion. . . . General Harrington in his message attributed the fact that he had succeeded largely to the reinforcements we had sent him, and if you have any doubt about it, just you hark back to the speech he delivered to the Turks. General Harrington was doubtful whether they were going to sign, and this was his last appeal. He told the Turks that conciliation had been carried to the utmost limit, and warned Ismet Pasha that Great Britain had on the spot a very large powerful fleet, large numbers of airplanes and guns, and by no means a negligible force of infantry—in fact, that Great Britain would be a very awkward enemy, but a very valuable friend."

One of the most interesting articles in THE LITERARY DIGEST this week, October 28th, presents journalistic opinion upon Lloyd George's resignation quoted from the English and French press. The article is illustrated with cartoons from the foremost European papers.

News of the Markets

EASIER TONE IN MARKET; FEW BUYERS

(By the Associated Press)
Chicago, Oct. 28.—Failure of the market in Liverpool to fully respond to the advance in values on this side of the Atlantic the previous day and the political news from Italy had a tendency to give the wheat market an easier tone today during the early dealings. Commission houses were on both sides of the market but there was lack of buying which was in evidence yesterday. After opening unchanged to 1/4 lower with December \$1.14 1/4 and May \$1.13 1/4, the market rallied on all deliveries.

Reports of a lack of export later and evening up by longer for over Sunday carried values off toward the close. The finish varied from 1/4 lower to 1/4 higher, with December \$1.14 1/4 and May \$1.13 1/4. Corn later reacted with wheat and eased lower on evening up for over Sunday. The finish was at a net loss 1/4 to 1/2 to 1/4 with December \$1.14 1/4 and May \$1.13 1/4.

Sentiment was mixed in corn with disposition of the part of some buyers to press the selling side, while oats displayed independent strength. After starting 1/4 lower to a like advance, December \$1.14 1/4 to 1/4, the corn market underwent a slight sag and later hardened all around.

Oats started 1/4 to 1/4 a 3-8 up with December \$1.14 1/4 to 1/4 and later underwent a slight general decline. Provisions lacked support.

NEWS OF WALL STREET

(By the Associated Press)
New York, Oct. 28.—Prices were higher at the opening of today's stock market. Buying embraced most of the list but the oil, motor and food specialty shares were most advanced. Standard Oil of New Jersey advanced 2 points, as did General Asphalt, preferred, and Texas Gulf Sulphur. Mexican Petroleum climbed 1/4 and substantial fractional gains were made by Pan American "A," General Asphalt, common and Buena Vista. United Cigar jumped ten points to a new high record for the year. Other strong spots were National Biscuit, Postum Cereal, Consolidated Cigar, American Tobacco, Republic Steel, Utah Copper, Consolidated Gas and Delaware, Lackanna & Western, all up to 1 1/2 points.

After an early display of firmness, prices in today's brief stock market session developed considerable irregularity with losses again outnumbering gains. Short covering tended to lift prices upward at the start but when that had been completed prices sagged again, mainly in response to profit taking. There was no pronounced selling pressure against the special group, but few of the individual weak spots were Fisher Body, which was depressed 4 1/2 points; Allied Chemicals 3 1/2 and Crucible Steel, Baldwin U. S. California off 1 to 2 1/2. Mexican Petroleum was one of the few outstanding strong spots. The closing was easy. Sales approximated \$75,000 shares.

WHEAT RISES DURING WEEK
(By the Associated Press)
Minneapolis, Oct. 28.—Wheat on the Minneapolis grain exchange closed yesterday at \$1.10 1/4, the high point on the crop, and 2 cents higher than a week ago, according to the weekly review of the market announced by the United States department of agriculture.

Minneapolis mills have had a good flour trade although operations were somewhat restricted by the car situation.

About 75 percent of Minneapolis milling capacity is operating. Receipts of all wheat have averaged about 400 cars daily. Cash demand has been good all week with premiums for fancy cars advancing slightly. No. 1 dark northern has traded from 4 to 23 cents over the December wheat futures and the local grades have been relatively close.

MAIN STREET WAS STARTLED TO DAY, TO SEE THE MISSING MARSHAL OTEY WALKER BRINGING TWO ROUGHLY DRESSED MEN INTO TOWN.

Little bit better and scattered sales were made at higher premiums. Eye was a shade better and offerings liberal. Shipping cars brought better prices.

Barley prices were firmer to 1/4 higher and there was some improvement in the demand for offerings. Flax receipts were smaller, but the demand lost edge and premiums were quoted lower.

INDUSTRIAL LOSSES TOLD BY CRAWFORD

Secretary of Industrial Commission Reviews Situation At Baldwin

EXPENSE OF AUDITS

Lewis F. Crawford, Secretary of the Industrial Commission spoke at Baldwin, Thursday evening.

"I have shown you that the Bank of North Dakota, swept all public funds into its control, that it suffered a loss in operation of \$150,000 under the former Industrial Commission, and that Manager Cathro reported to the Industrial Commission that the bank was losing daily, yet, the commission on the contrary maintained that the bank was making a profit," he declared in his address.

"Now I wish to consider briefly the financial conditions of the Drake Mill and the relations of the Industrial Commission thereto. The Industrial Commission at the close of 1920 admitted a loss at the Drake Mill of \$17,668.31 and hinted that two accounts, one at Grand Forks and the other at Bismarck, might prove a partial loss. As a matter of fact these two accounts aggregating \$5,015.23 were a total loss. In fact the Equitable Audit Company, which was favorable to the League, said the loss at that time clearly ascertainable was \$41,009.26, besides many other items were in the doubtful column and later turned out complete losses. The Equitable Audit Company in its report to the Industrial Commission April 27, 1921, admitted a loss of \$61,443.06 in the Drake Mill and added that this might be considerably increased. This report was made to the Industrial Commission and its contents must have been well known to its members, yet throughout the recall campaign it was claimed that the operation of the Drake Mill was profitable and satisfactory. Those of us on the outside did not know otherwise. All we knew was what the Commission chose to tell us, and we saw no reason for doubting the truth of their statements, for the Industrial Commission has paid out over \$41,000.00 to get the industries audited and the results of the audits were in their possession, but they, as directors, withheld this information from the stockholders.

"The largest single loss sustained was from the United Consumers Stores Company, which to date is around \$20,000. Every farmer who bought flour through a Consumers' Store paid for it. The money when received was sent to the headquarters of the United Consumers' Stores Company at Fargo, where it remained, although the contract with said Stores Company provided that the proceeds of all sales should be sent weekly to the Drake Mill. The benefit of the flour sales from the Drake Mill then went to the stockholders of the Consumers Stores. It might be well to say in passing that Wm. Lemke owned three-fifths of the stock in the Stores Company, and as such owner was the chief beneficiary of the money paid by flour purchasers. This same Mr. Lemke was a member of the Industrial Commission that controlled the Drake Mill, was the chief owner of the United Consumers' Stores that sold but did not pay for a large quantity of flour bought from the mill under his control, and who borrowed from the Scandinavian-American Bank \$170,000 for these same stores, and the Scandinavian-American Bank in turn got its money from the Bank of North Dakota, also controlled by the Industrial Commission. This is a sort of wheel within a wheel, or an interlocking directorate, whose object was to siphon off the people's money into his own tender keeping.

While Mr. Lemke was the chief beneficiary under this friendly arrangement, yet Mr. Frazier was by no means blameless, as he had a veto on what the other two members of the Commission might attempt to do, consequently he must have approved it. They are both asking your support on the basis of their

past record. This is a part of their record.

HARRINGTON SPEAKS

F. E. Diehl and George Keniston spoke to a full house in school house in Ghylin Township last night. He urged election of Messrs. Heaton, Anderson and Harrington to the legislature in order that Governor Nestos would receive cooperation from the legislature. Mr. Harrington, who dropped in at the meeting unexpectedly spoke for a few minutes, at the request of the audience.

Scott Cameron and E. J. Taylor held a meeting in the Kershaw school in Telfer Township last night. Mr. Cameron compared the record of the Frazier-Lemke administration with the Nestos record. In this Mr. Cameron used the official records and reports. After calling the attention of his audience to the inefficiency of the old administration and the fact that Frazier and Lemke were recalled for failure to run the business of the state in a satisfactory manner he asked the audience if they believed they had learned how to do better in the year since they were recalled. He reminded them that the same reasons for not voting for them exists now that did when they were recalled. Mr. Taylor spoke for Messrs. Nuessle, Birdzell and Johnson for the Supreme Court and Messrs. Heaton, Anderson and Harrington, regular nominees for the legislature.

F. E. McCurdy, candidate for states attorney, and Gordon Cox spoke to a school house full of people in Clear Lake Township.

The Non-Partisans are holding some school house meetings in the county. Among these was on held in Sibley Butte township, which was well attended. This meeting was addressed by Saman Smith S. S. McDonald and R. L. Best, candidate for the Legislature as an Independent Republican.

Plans are going forward for the parade and mass meeting November 4.

BURGLAR HOLDS WOMEN CAPTIVE FOR 4 HOURS

Armed With Revolver and Knife Negro Terrifies Three People

Minneapolis, Oct. 28.—A negro burglar armed with a revolver and masked with a piece of cloth, kept two women and a 13-year-old girl prisoner for four hours while he ransacked the home of Mrs. Inga Jackson yesterday. The victims were Mrs. Jackson, Miss Valborg Klefstad, her sister, and Ingried, her young daughter.

In a police round up, which followed shortly after the report of the outrage a negro giving the name of Fred Madison, was arrested. He was identified by the victims, the police reported. He was kept under heavy guard to prevent possible violence by the ransacked neighborhood.

During most of the time, that he held the house, the negro forced Miss Klefstad to accompany him from room to room while he hunted for diamonds or jewelry which he insisted were hidden somewhere about the premises. When the young woman denied that there were any jewels to be found, he twice drew a knife and ran its edge across her throat to intimidate her. Several other vicious threats were made by the robber.

After a terrifying night, the burglar took with him two fur coats and \$40 in cash.

RED TROOPS IN CONTROL

(By the Associated Press)

Tokio, Oct. 28.—Troops of the Red army representing the Far Eastern republic of Siberia were in complete possession of Vladivostok today. The last of the Japanese soldiers evacuated the city yesterday after handing over to the invading Reds an inventory of the arms left behind and the keys to the warehouses containing them. Only a Japanese staff captain remained to complete the transfer of military stores.

WAR THREAT AFFECT PRICES

London, Oct. 28.—The threat of war in the Near East had an immediate effect upon the prices of certain commodities in England. The cost of currants and raisins, imported from Smyrna, and used largely in baking Christmas cakes and puddings, virtually doubled in a week.

CURED BY A NATIVE HERB

On board a vessel bound for India recently a man was bitten by a poisonous snake; both the ship doctor and a family surgeon failed to control the poison fast spreading through his system.

In a day the vessel reached port. An Indian medicine man was sent for, who produced a native herb which quickly allayed the poison and the man's life was saved.

Roots and herbs are nature's assistants in combating disease.

The well-known medicine for ailments peculiar to women, Lydia E. Pinkham's Vegetable Compound, is prepared from roots and herbs, possessing medicinal properties of great value in the treatment of such ailments.

This is proved by the letters of recommendation we are continually publishing in this paper for it.

DODGE BROTHERS BUSINESS COUPE

With this coupe Dodge Brothers have proved once for all that a closed car can be as sturdy and practically as inexpensive as an open roadster.

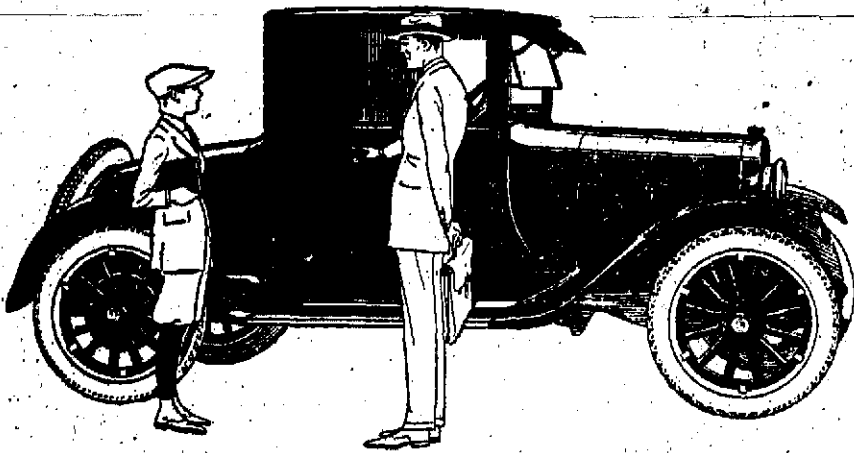

This is largely due to the all-steel body—the first ever marketed—which admits of lower cost of manufacture through standardized machine production. Unlike wood, the steel surface will take a finish of enamel, baked on at high temperature. This process results in a permanent lustre, and eliminates the trouble and expense of repainting.

The wide straight seat is upholstered in genuine Spanish blue leather, durable and readily cleaned.

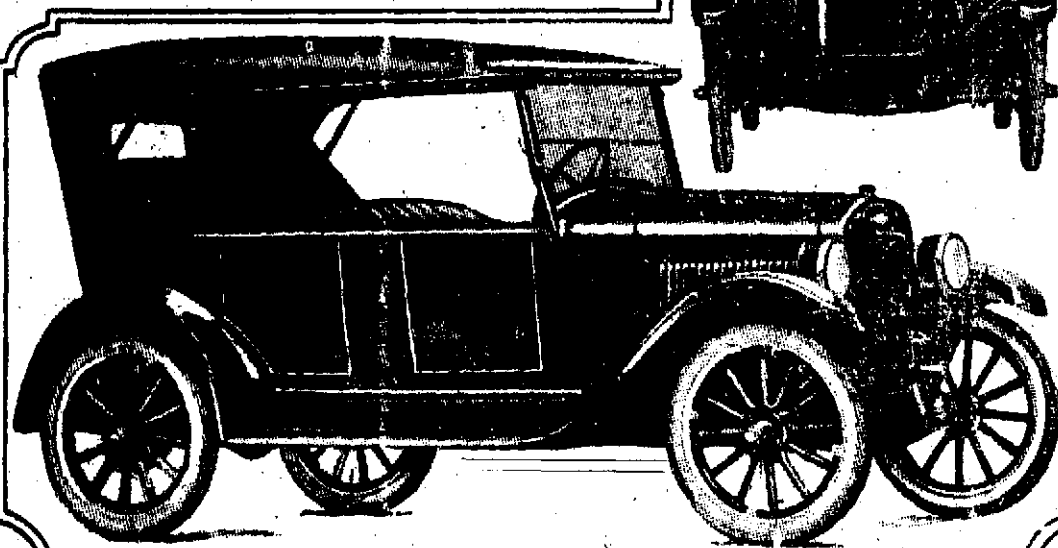

The Price is \$1155.00 Delivered in Bismarck.
